KARNATAKA VETERINARY COUNCIL

(Constituted Under Indian Veterinary Council Act, 1984)

Objectives:

- 1. Continuing Veterinary Education is an essential prerequisite for sustained Professional Knowledge and improved quality of services of Veterinary Professionals.*
- 2. The Karnataka Veterinary Council in its endeavor for continuing Veterinary Education will organize Seminars, conferences and workshops.*
- 3. The Programme schedules are in accordance with identified modules.*
- 4. Implement Indian Veterinary Council Act, 1984 and Karnataka Veterinary Council Rules 1998.*
- 5. Implement Veterinary Council of India (Standard of Professional Conduct, Etiquette & Code of Ethics for Veterinary Practitioner's) Regulations 1992.*
- 6. Implement such other Acts & Rules promulgated from time to time by either Union or State Government.*
- 7. Maintenance of State Veterinary Practitioner's Register*

From the Editors desk

Dear Veterinarians,

Wishing you all a Happy 76th Independence Day. To commemorate the celebration of “ಸ್ವಾತಂತ್ರ್ಯೋತ್ಸವದ ಅಮೃತ ಮಹೋತ್ಸವ” Karnataka Veterinary Council has decided to launch a newsletter to be published quarterly as part of its mandate of Continuing Veterinary Education, which forms essential prerequisite for sustained Professional Knowledge and improved quality of services of Veterinary Professionals.

The contents range from news, articles and technical information related to Animal health, production and welfare across globe. We are planning to start a series on Veterinary Jurisprudence. The Veterinarians in the State can also contribute to the newsletter in the form of any special article or news related to the Animal health, production and welfare which may be of use for the fellow Veterinarians. Any suggestions in this regard are welcomed.

This will be an e-newsletter which will be mailed to your e-mail ID registered with KVC and also will be uploaded to the KVC website. The first issue of the newsletter will be published in October 2022 with subsequent newsletters published quarterly.

Dr. Satyanarayan K

News from KVC

As a part of CVE-2022 Karnataka Veterinary Council is organizing hands on training on ["Diagnosis of Rabies for field Veterinarians"](#) in association with KVAFSU and Department of Animal husbandry and Veterinary Services covering all the divisions of the State.

Each training will be conducted for 25 field Veterinarians per division.
